

"Give your self the gift of finishing your quilts!"

HANDI QUILTER™ ACADEMY

Handi Quilter Educator Mary Beth Krapil

Want to know about long arm quilting? Want to see how it works? Want to learn new tips and techniques? Bring your questions and your quilts! New products and machine from HQ

Mary Beth Krapil was born and raised in the Chicago area and learned to sew from her mother and grandmother at a young age. Throughout her life she pursued many creative outlets, from throwing pottery to woodworking to bear making; however, quilting is her passion. In the early 1980's, Krapil relocated to Orlando, FL, where she and her husband raised their two sons while she pursued her career as a pharmacist. She made her first quilt after her oldest son was born and has been quilting since. After purchasing her HQ Sixteen, there was no stopping her. She has become an award-winning quilter with ribbons from AQS and MQS and many local shows. She enjoys sharing the fun of quilting with others and encouraging quilters, new and old, to "go for it!"

Friday, September 17 9-Noon Quilt Cad

QuiltCAD is an exciting software package included in the Pro-Stitcher System. This class will help the quilt designer to quickly and easily design and layout her quilt stitching patterns.

Friday, September 17 2-5 p.m. HQ Pro-Stitcher™

Import designs with the USB stick, use manipulation features of the HQ Pro-Stitcher™, learn tips and tricks, and quilt out the designs.

Saturday, September 18 9-Noon Rulers by Handi Quilter

Learn how to use all of the fun HQ rulers. Proper use of the ruler base, ruler safety, and fast continuous curve method will be taught. Make beautiful designs using rulers.

Saturday, September 19 1-4 p.m. Pantographs & Groovy Boards

Discuss the tips and tricks of edge to edge pantographs, How to complete a continuous border. Learn differences and similarities between pantographs and groovy boards.
